SALON REQUIREMENTS

Important information regarding pictures generated by artificial intelligence (AI):

Pictures created by artificial intelligence are not allowed in salons run under FIAP patronage. Therefore salon organisers are asked to include the following text into the regulations of their events :

PICTURES CREATED BY ARTIFICIAL INTELLIGENCE ARE NOT ALLOWED IN THIS SALON! It is reminded that all parts of the image have to be photographed by the author who is holding the copyright of all works submitted.

Offenders will be sanctioned for life!

Image and Entry Requirements: This exhibition is open to anyone; however, an entry may be rejected when the Sponsor or the Exhibition Organisers, in their reasonable discretion, believes the entry does not conform to exhibition rules and these Conditions of Entry. Membership in any photographic organisation is not required.

Nudity: Due to social sensitivities, images containing nudes will not be accepted into this salon.

Sanctions: Entries will not be accepted from any entrant who is currently sanctioned by PSA or FIAP.

PSA Star Ratings: To receive proper Star ratings credit from PSA, entrants must provide their names and country exactly the same in each exhibition. Aliases are not permitted. Please contact PSA in the event of name changes or relocating to another country. Using one's name differently in different exhibition exposes the entrant to the risk that many of their acceptances may not be recognised by PSA Star Ratings.

Image Creation: Entries must originate as photographs (image-captures of objects via light sensitivity) made by the entrant on photographic emulsion or acquired digitally.

Certification: By virtue of submitting an image, the entrant certifies the work as his or her own, images may not incorporate elements produced by anyone else (for example: clip art, images or art by others downloaded from the Internet). Aliases are not allowed.

Reproduction of work: The entrant permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the exhibition. This may include a digital or printed catalogue and low resolution posting on a website. Note: Entrants who indicate that their images may not be reproduced or used "will not be eligible for awards" or inclusion in audio-visuals of the exhibition "and could be subject to disqualification" by the exhibition sponsors. The exhibition assumes no liability of any misuse of copyright.

Alteration and Computer Generation: Subject to Divisional restrictions (particularly Nature, Photo Travel, and Photojournalism) images may be altered, either electronically or otherwise, by the maker. Adjustments to enhance images or creatively modify images are allowed providing the underlying photograph is retained in a way that is obvious to the viewer. Images may not be constructed entirely with a computer and must be the sole work of the author. All parts of the image must be photographed by the author who is holding the copyright of all works submitted. **ALL MEDAL-WINNING IMAGES AND RANDOMLY SELECTED OTHER IMAGES MAY BE CHECKED FOR ORIGINALITY AND COPYRIGHT VIOLATION.**

Re-use of accepted images: Once an image has been accepted in this exhibition it may not be entered again in any future instances of this exhibition. It may, of course, be entered in any other PSA/FIAP recognised exhibitions but **must always have the same title.**

Entry: An entry consists of, up to and including, four (4) images entered by a single entrant into the same section. An entrant may only enter a specific section once.

Titles: Each image must have a unique title **that is a description of the image.** That unique title must be used for entry of that image or of an identical image into any and all PSA-Recognised exhibitions. No titles may be visible to the judges, and nothing in the image may identify the maker.

1. Titles **must be 35 characters or fewer** including spaces between words.

2. Titles **may not** include file extensions such as .jpg or .jpeg (or any other camera capture filenames such as IMG 471).
3. Titles **may not** consist of personal identifiers, including authors name or part of name, possibly augmented by a number; or include words such as “untitled” or “no title”.
4. Titles **may not** consist solely of numbers unless those numbers are prominently contained within the image, such as a contestant number in a race.
5. It is essential that entrants choose titles that **do not contain characters other than letters or numbers**. Do not include grammar, brackets or any symbol.

Colour and Monochrome: Colour and Monochrome images from the same capture that share substantial pictorial content in common will be considered the same image and must be given the same title.

Medals and Other Awards: Medals and ribbons will be sent by first-class mail by the date specified on the exhibition website. In situations where COVID restrictions prevent awards being posted to some countries until a later date the recipients will be informed by email. **It is the entrant’s responsibility to ensure that the address they supply when entering the exhibition is a valid postal address.** Failure to do so may result in awards not being delivered.

Email Address requirements: It is the entrant’s responsibility to ensure that they are **readily contactable by the Salon Chair via their email address** that is supplied when registering on the Salon website. A failure to respond in a timely manner to any request by the Chair for additional information may have disqualification consequences, see “Disqualification” section below.

Disqualification: The following are some, but by no means all, of the reasons for print/image disqualification:

1. Barred entrants by FIAP, PSA or APS will not be allowed in this exhibition.
2. Colour prints/images may not be entered in Monochrome section and Monochrome prints/images may not be entered in the Colour section.
3. Images which do not adhere to FIAP and/or PSA section definition(s)/restriction(s) are liable to be disqualified.
4. If a RAW file is requested by the Chair, non-compliance with stipulated timeframes to supply RAW files will result in disqualification of the image subject to the request.
5. Due to social sensitivities, images containing nudes will not be accepted into this salon.

SUBJECT MATTER & DEFINITIONS

Statement on Subject Matter applicable to all sections: The fundamental rule that must be observed at all times and **applies to all sections** offered in exhibitions with FIAP patronage or PSA recognition is that **the welfare of living creatures is more important than any photograph**. This means that practices such as baiting of subjects with a living creature and removal of birds from nests, for the purpose of obtaining a photograph, are highly unethical, and such photographs are not allowed in any exhibition with FIAP patronage or PSA recognition. Under no circumstances may a living creature be placed in a situation where it will be killed, injured or stressed for the purpose of obtaining a photograph. This rule applies regardless of whether or not the creature being killed, injured or stressed is visible in the captured image.

There are also concerns about the use of aerial photography, drones, helicopters, low flying aircraft. These should not cause any interference with other individuals or animals which causes a disturbance in their normal activity or disrupt the way any individuals or animals interact with their environment.

Entry in this exhibition is conditional on accepting these policies. The content of images must comply with these General Conditions and with the Division and Section definitions listed in these conditions. Images that - in the sole opinion of the judges or the Exhibition Organizers - do not comply, will be disqualified so the entrant may be aware of the problem when considering entry into other exhibitions with FIAP patronage/PSA recognition.

Further details on the PSA's drone policy may be found at <https://psa-photo.org/index.php?psa-policies#drones>

COLOUR

Any image that is not monochrome. There are no restrictions on the subject matter. However, your attention is drawn to the PSA Statement on Subject Matter which applies to **all** sections.

Your attention is also drawn to Salon Requirements which applies to **all** sections.

MONOCHROME

FIAP definition of Monochrome: A black and white work fitting from the very dark grey (black) to the very clear grey (white) is a monochrome work with the various shades of grey. A black and white work toned entirely in a single colour will remain a monochrome work able to stand in the black and white category; such a work can be reproduced in black and white in the catalogue of a salon under FIAP Patronage. On the other hand a black and white work modified by a partial toning or by the addition of one colour becomes

a colour work (polychrome) to stand in the colour category; such a work requires colour reproduction in the catalogue of a salon under FIAP Patronage

PSA Monochrome Definition: An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of grey which can include pure black and pure white) OR it gives the impression of being a greyscale image that has been toned in one color across the entire image. (For example by Sepia, red, gold, etc.) A greyscale or multi-colored image modified or giving the impression of having been modified by partial toning, multi-toning or by the inclusion of spot coloring does not meet the definition of monochrome and shall be classified as a Color Work.

For the purpose of this exhibition, only greyscale images are allowed in monochrome sections. Toned images are not allowed.

Greyscale Monochrome images may be entered for Nature, Photojournalism and Photo Travel but **toned images are not permitted for these divisions.**

Monochrome images **may not** be entered in Pictorial Prints or PID Color Sections. Separate sections must be offered for Color Pictorial Prints, Monochrome Pictorial Prints, PIDC and PIDM.

Attention is drawn to the PSA Statement on Subject Matter which applies to **all** sections.

Your attention is also drawn to Salon Requirements which applies to **all** sections.

NATURE

PSA/FIAP Nature Definition: Nature photography records all branches of natural history except anthropology and archaeology. This includes all aspects of the physical world, both animate and inanimate, that have not been made or modified by humans.

Nature images must convey the truth of the scene that was photographed. A well-informed person should be able to identify the subject of the image and be satisfied that it has been presented honestly and that no unethical practices have been used to control the subject or capture the image. Images that directly or indirectly show any human activity that threatens the life or welfare of a living organism are not allowed.

The most important part of a Nature image is the nature story it tells. High technical standards are expected and the image must look natural. Adding a vignette or blurring the background during processing is not allowed.

Objects created by humans, and evidence of human activity, are allowed in Nature images only when they are a necessary part of the Nature story.

Photographs of human-created hybrid plants, cultivated plants, feral animals, domesticated animals, human-created hybrid animals and mounted or preserved zoological specimens are not allowed.

Images taken with subjects under controlled conditions, such as zoos, are allowed.

Controlling live subjects by chilling, anaesthetic or any other method of restricting natural movement for the purpose of a photograph is not allowed.

No modification that changes the truth of a Nature image is allowed. Images may be cropped but no other technique that removes, adds or moves any part of the image is allowed.

Techniques that remove elements added by the camera, such as dust spots, digital noise and lens flare are allowed.

Complete conversion of colour images to greyscale monochrome is allowed. Partial conversion, toning and infrared captures or conversions are not allowed.

Images of the same subject that are combined in-camera or with software by focus stacking or exposure blending are allowed. Multiple images with overlapping fields of view that are taken consecutively and combined in-camera or with software (image stitching) are allowed.

Attention is drawn to the PSA Statement on Subject Matter which applies to **all** sections.

Vignetting and Borders: Vignettes are not allowed in Nature images. For the purpose of this exhibition any border added to a Nature digital file must be a single border of white or grey, no greater than 3 -5 pixels in width.

GENERAL RULES OF ENTRY

BREACHES OF RULES

FIAP: By the sole act of submitting his/her images or files to a salon under FIAP Patronage, the entrant accepts without exception and with no objection the following terms:

- that the submitted images can be investigated by FIAP to establish if these obey to FIAP regulations and definitions even if the entrant is not a member of FIAP,
- that FIAP will use any means at its disposal for this undertaking,
- that any refusal to cooperate with FIAP or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, will be sanctioned by FIAP,
- that in case of sanctions following the non compliance with FIAP regulations, the name of the entrant will be released in any form useful to inform the breaches of the rules.

For entries that originated as digital photographs, authors must preserve intact, with no alteration, the original EXIF data in the submitted files.

If, at any time, it is determined in the reasonable discretion of the exhibition organizer or the judges before, during, or after the judging of an exhibition that an entrant has submitted entries where one or more images may fail to comply with these Conditions of Entry, including the stated definitions, the exhibition organizers reserve the right to delete the entry from the exhibition and void any or all acceptances or awards in connection with the exhibition. Fees may be forfeited or refunded in these circumstances. The entrant acknowledges that the decision of the exhibition organizers or the judges is final

PSA: If, at any time, it is determined in the reasonable discretion of the exhibition organizer or the judges before, during, or after the judging of an exhibition that an entrant has submitted entries where one or more images may fail to comply with these Conditions of Entry, including the stated definitions, the exhibition organizers reserve the right to delete the entry from the exhibition and void any or all acceptances or awards in connection with the exhibition. Fees may be forfeited or refunded in these circumstances. The entrant acknowledges that the decision of the exhibition organizers or the judges is final.

In order to ensure that images comply with the Conditions of Entry and definitions, the exhibition organizers may carry out reasonable measures to verify that:

- a) the images are the original work of the entrant and
- b) the images comply with the rules and definitions as set out in these Conditions of Entry

These steps include, but are not limited to, questioning any entrant, requiring the submission of RAW files or other digital files representing the original capture of the submitted image(s), confronting the entrant with evidence that one or more submitted images fails to comply with the Conditions of Entry (also known as Entry Rules), and offering the entrant a reasonable opportunity to provide counter evidence to refute the exhibition organizer's evidence by a set deadline. Such entries that are not cleared or are still questionable after the entrant has presented evidence may be considered in breach of these Conditions of Entry, and declined. Such entries may be referred to PSA for further investigation of possible ethics violations.

PSA retains the right to investigate in any way all complaints/suspensions of breaches of entry conditions, impose sanctions if deemed necessary, void the acceptances of any image found to violate the PSA rules, include the entrant's name on the list of sanctions provided to Exhibitions, and share such investigations with FIAP. Entrants automatically agree to these terms by the act of entering the Exhibition and agree to cooperate with any investigation.

If another party is submitting images on the entrant's behalf, the entrant will still be held responsible for adhering to these Conditions of Entry (Entry Rules) **and will be subject to sanction for any violations** to these Conditions of Entry and PSA's Statement of Ethics that may result. If another party is processing images for an entrant or submitting images on the entrant's behalf, the entrant will still be held responsible for adhering to all Conditions of Entry including the specific conditions in the relevant definitions

NOTICE TO ENTRANTS

PSA NOTICE: When an entrant fills in the Entry Form to submit an entry the entrant will see a feature to affirm he or she has read these Conditions of Entry when he or she fills out the entry form. If the entrant does not so affirm the entry will not be submitted.

PSA requires entrants in all PSA recognised exhibitions to provide name and country data exactly the same in each exhibition entered in order that they might receive proper credit for acceptances. Entrants must use the name they have used for membership of PSA, FIAP, GPU or APS, or the name they intend to use when applying for honours from those or other photographic organisations.
